ENERGY USE POLICY

The Town of Warner is committed to sustainable operating practices, which include decreasing the Town's carbon footprint through the application of energy conservation measures, renewable energy technologies, and utilization of products from sustainable sources.

It will be the policy of the Town that Town officials and employees will take this goal into consideration as part of all decision making.

The Warner Board of Selectmen will review this policy at a minimum every 24 months and identify specific measures that should be taken to support this policy.

Adopted by the Warner Board of Selectmen on this 27th day of September, 2016.
