

## **The Four R's of Solid Waste**

**REDUCE** – Buy only what you need, and use up whatever you buy. Look for items with a minimum of packaging.

**REPAIR** – Fix items that are broken rather than purchase new ones.

**REUSE** – Look for reusable items rather than disposable ones. If you can no longer use something, find someone else who can, through donations, garage sales, classified ads, resale shops, or through the swap shop at the Transfer Station.

**RECYCLE** – Create new items out of unwanted ones.

### ***Your efforts will:***

- ***Reduce the amount of solid waste to be disposed. This translates into saved tax dollars.***
- ***Promote conservation of natural resources.***
- ***Offset disposal costs through the sale of materials.***
- ***Reduce pollution and saves energy.***

## **RULES**

1. The facility is open to all Warner residents, non-resident home owners, and commercial establishments. The trash must be generated in Warner. All users accept the provisions of Warner's Solid Waste Ordinance which make recycling mandatory in Warner.
2. Users of the facility must obtain a permit sticker from the Transfer Station, and display it on the passenger side, lower corner front windshield of the vehicle. Only two (2) stickers will be issued per family. Extra stickers for additional household vehicles may be purchased.
3. All users of the facility must separate and deposit in the appropriate areas all those items listed in this pamphlet.

## **QUESTIONS ?**

If you have questions about the facility or would like to volunteer to help with the recycling effort, please see an Attendant, call the Transfer Station at 456-3303, or call the Town Hall at 456-2298, ext. 2.

In order for recycling to work, we must have a market for our recyclables, which means having "clean" loads that will be acceptable for recycling.

We would like to express our appreciation for your efforts in recycling. Together we are helping recycle our everyday household waste. We welcome your suggestions on how we can improve the Transfer Station.
