

Warner Energy Committee

Meeting Minutes

Wednesday, July 12, 2017

Present: Sue Hemingway, Darren Blood, Bill Balsam

Because key members were not in attendance tonight this meeting was adjourned and agenda items tabled after discussion about Fire Station Building Committee request. Peter Ladd was representing the EC at the Fire Station meeting at this time.

1. Fire Station building design. Several EC members attended the building committee meeting tonight to reinforce the EC position that an energy consultant be hired to consult about building efficiencies. See past EC minutes, and Fire Station minutes for more detail. The committee chair asked the EC to forward names of consultants to him.
2. The EC is requesting the selectboard take action on this item, and that all select persons see the letter sent to the building committee chair from the EC last month.
3. The firms we recommend that they contact for rates, services, scope of work are in order of preference;

A. Team Engineering, Bedford, NH. President John Turner. 497-3137, <https://engineernh.com>.

B. Resilient Buildings Group, Concord, NH. 226-1009, <http://resilientbuildingsgroup.com/index.html>.

Meeting adjourned.

No August meeting

Next meeting is September 13, 2017

Tentative wood bank volunteer day is October 14, rain date 10/15.
