Survey progress

There have been 393 surveys submitted to date. Confirmed that all paper surveys are keyed. Stephanie will update surveys 4pm on Friday in Survey Monday and pick up the last entries on the 18th. Barbara will check with Janice to be sure all paper submittals have been passed along for keying. Matt said they will compile the large raw file and had a 'to-date' sample which he passed around. It was suggested the participants who submitted their email addresses will get the results early. About 70 emails have been collected to date and could be used as an invitation list to the forum. Comments will be reviewed before published to eliminate any possible offensive language.

Housing Chapter next steps

Matt said first step is to get a draft for the PB to reviewed after the Housing Forum. Bill said it is a huge lift to digest all the results and make recommendation, won't the PB ultimately write the chapter? Concerns about getting everything done by July. Andy said the chapter will come from the Planning Board and asked if edits should be held until there is a next draft? Suggestion to have one person write the draft and the HAC comment on it. Get as close to a final draft as possible. There will be a Public Hearing process via the PB, after the HAC is disbanded. Mark was concerned about the documents' reception by the PB. PB members present said they will give their comments throughout the process so the transition from Committee to PB should be smooth. Andy emphasized the importance that the document is correct as it related to the ordinances and RSAs. Public Hearing is the place for comments from general public. Further discussion on the process can happen at a Planning Board meeting.

ADU Brochure

Suggested to take out the bullet list reference to Tiny Homes and STRs, it opens a can of worms. Discussion about the terms used on the cover page. Andy & Bob gave edits to Dana. Motion to approve brochure with edits passed unanimously. Brochure will be reviewed by the PB at meeting on 4/15/24. Copies ready for Housing Forum on 4/30/24.
