Dear Warner Zoning Board of Adjustment,

We, Gary and Patricia Byers, are strongly opposed to the special exception for Granite Roots Construction to build and operate a commercial business in our RESIDENTIAL NEIGHBORHOOD.

Please be sensible and consider the adverse impact this proposed exception would have in this location.

Not only should the peacefulness of our neighborhood be considered, but also the safety of everyone travelling this stretch of road. The traffic has greatly increased over the past several years and is rarely patrolled.

We do not want our R-2 RESIDENTIAL NEIGHBORHOOD (which is why we bought the property 20 years ago) to become commercial. Please do not grant this special exception.

Thank you for your consideration,

Respectfully,

Gary W. Byers

Patricia A. Byers

75 Route 127
