

Parks and Recreation Meeting – Thursday, August, 15 2019

In Attendance: Apryl Blood, Dick Welcome, and Alan Piroso.

Women's League:

Ended, season went well.

Alan:

Front Tire on mower needs replacement, Alan will get new tire.

Budget:

We need to purchase a small tractor for the fields. The second lawn tractor has died. The lawn tractors have not been able to drag the drags for the fields, they have a 3-point hitch. We are still trying to get an estimate for the needed storage and re-design of the snack shack. Also to add football field irrigation.

Riverside:

Mr. Welcome is doing a great job keeping the grading up and lining for the fields. He will move into soccer lining and also keeping up with the handicap lines for parking.

Bagley:

Soccer will start first week of school for youth.

Volley ball will be setup soon.

Other:

The USS Kearsarge crew will be here Aug. 30-31 and have agreed to help us prep the first baseball field for fall grading. That will include edging the field and weeding grass areas.

Adopt-A-Highway: Fall date to be set next meeting.

Important Dates:

Next meeting set for, Thursday, 9/19 at 6:30pm, in the Library Meeting room.
