In Attendance: Apryl Blood, Scott Blasingame, Christine Frost, Kelly Henley, Tim Blagden and Alan Piroso.

### Meeting Minutes:

Minutes from 05/09/22 were approved.

### Alan:

Aerator was installed and is on the slow startup process. Will be running full time in 7 days. Riverside was finished with the driveway sealer for the skateboard park arrival. Fields are needing mowing twice a week at this point. The mower PTO doesn't work after getting wet, Knoxland has been fixing the issues. Alan will pickup our signs on Tuesday for the parks.

### Treasurer:

We are looking good thus far, in spite of the price increases we are seeing across the board. We anticipate running over on a few line items from this.

### Selectboard Rep:

We asked Christine to add to close the account on the Capital Reserve project for the Riverside Project. There are some funds left in the account that need to be closed.

### Riverside Park:

The tractor should be purchased very shortly, per Tim Allen.

Update on Skateboard Park – we received a call 06/06/22 that the shipping of the skatepark is delayed and the new anticipated delivery will be by July 4. We are unable to combine the opening day ceremony with WYSA now, but will still have something to celebrate. We are looking at a 50/50 raffle and will contact the local skateboard shop to see if they would be interested in donating to our raffle.

The Co-ed Softball league started and will run until June 25<sup>th</sup> now, that being the playoffs.

Summer Women's League should start on June 25<sup>th</sup> as well and run to August 7<sup>th</sup>, skipping July 3. Andrea & Apryl are publicizing it more to hopefully get more players. If not, enough teams we won't have it.

Apryl will reach out again to Beltronics for an update and to add the Football camera is not recording.

Apryl stained half the fence posts at Riverside, one more side to do. She will reach out to the HS again for any community service opportunities.

Kearsarge Football has been in contact, will go over the snack shack and get new keys when closer.

Will go through the snack shack and collect keys with WYSA after little league is finished.

### Bagley:

Pickup Soccer has begun again on Sunday's at 3pm.

### Beach:

Aerator is in.

Water testing should resume June for the summer testing program through the Beaches program with DES. This is tested twice a month.

Apryl spoke with Jody Sloane, there is someone interested in fixing up the Horseshoe pits, we said that would be great. She also has a person interested in swim lessons, and will reach out to Apryl. P&R is in the process of looking to price out a Bocce court to add as well at the beach. We are going to inquire for 2 pallets of guardrail posts for the walls.
